an article in Monday's Tribune,) issued of the 10th of April, 1881, on a sheet thirty-one by twenty-one inches in area, presenting an entire surface of 1,302 square inches. It commenced with a volunteered subscription list, of perhaps 1,000 copies. Of its first issue, 5,000 copies were printed; but it was found impracticable even to give away the last of them. Its total expenses for the first week were \$525; its receipts, we think, \$92.

The Tribune now appears on a sheet fortyfour by thirty-three and a half inches in area, giving an extent of surface of 2,948 inches.

giving an extent of surface of 2,948 inches. The aggregate consumption of paper is \$18 reams (44,000 pounds, or twenty cart-loads) per week. The average weekly expenses have gradually risen from \$525 to \$7,800; we pay \$44,000 per year to Editors, Correspondents and Reporters; \$62,000 per year for labor in the deportment of Printing, nearly \$16,000 in that of mailing; average about \$15,000 for telegraphing; employ one bundred and eighty beside carriers, carrien, etc.

"MEST .- On Friday last Mrs. Philipena ler, of Christie st., New York, left hurband, eloping with a miserable little German, named Charles Betch. Mr. Schieder did not particularly object to his wife running away, but as she took with her his three boys and about \$300 of his cash, he is anxious to discover her whereabouts. The children are aged, respectively, eleven, six and four years. That night some person attempted to set Mr. Schieder's house on fire, by piling a large heap of combustibles against the front door, and igniting them; but being discovered in time, a few pails of water put the fire out. It is surmised that it was the design of the incen-diary to burn up Mr. Schieder and his daugh-ter, a young lady of fifteen, whom his wife had not succeeded in seducing from home.

THE BLENNERHASSET FAMILY .- Mr. W. H. Safford, who has just obtained the Blenner-haset papers for publication, thus describes them: They consist chiefly of his private journals, correspondence, essays, historical and political, letters in relation to the Burr conspiracy, from Burr, Alston, Tyler, Bollman, Meade, Floyd, and others implicated; also the ournal of the expedition, until arrested and oken up. I have also the letters, manuscripts and fugitive pieces of poetry of Lady Blen-merhasset, which of themselves would form a respectably sized volume. Those papers are voluminous, and afford a satisfactory biography of the Blennerhasset family, and a minute and complete disclosure of the objects and of parties concerned in the Burr expedition.

FROZEN TO DEATH .- A lumber raft on which were two brothers, named Bush and a man named Farrell, came out of Kanawha River at Parkersburg on Friday night last, which was very cold. They were perfectly exhausted with the labor of coming down the Kanawha and desired to lay up at Parkersburg. They had lost their rope overboard and had no boat, so they tried to obtain assistance by hallooing, but no one heard them, and they floated into the Ohio, where they were found near Old Two Rocks by the steamer Pomeroy. The two brothers Bush had frozen to death, but Farrell was with some difficulty resuscitated .- Wheel-

THE LARGEST COPPIN EVER MADE IN KEN-TUCKY.—The undertaking-house of W. Wyatt. corner of Jefferson and Seventh streets, Louisville, was the observed of all observers, on Monday. It contained the coffin of James D. Porter, Esq., the Kentucky giant. The coffin was nine feet one inch in length, and two feet across the breast. It was covered with black cloth and lined with white satin. It is the argest coffin ever made in this city, and attracted more attention than any thing of the kind that ever inclosed the lifeless remains of one of our citizens .- Louisville Democrat.

LET MARRIED WOMEN ALONE.-In Philadelphia, on Saturday, a gentleman and lady, fashionably dressed, were walking on Vine street, when a stout individual, also well iressed, appeared and glanced at the couple, latter treated the gentleman to a blow which felled him to the ground and caused him to roll into the gutter. The fallen man regained his feet and made off at a rapid The assailant proved to be the husband of the lady, and took this method of expressing is dislike to his wife's promenading with any body but himself .- Nence

SAD ACCIDENT .- On Monday, as Dr. Palmer, of East Cleveland, was removing some propa from a brick arch which he had been building, the arch fell, not being sufficiently dried, and severely injured him. Our informant said that his spine was broken, and one leg broken in two places and his head badly hurt. It was thought hardly possible that he could live, and it is very doubtful whether he is living this morning.—Leader, 26th.

AN ACCOMMODATING PASTOR .- The Worthington Times says the ordinance of baptism was performed by three different methods, on Sunday, by the Rev. Mr. Harned, in that place, so as to gratify the scruples of all parties. Four were sprinkled, two kneeled at the river bank and the water was poured on their heads, and three were immersed or "buried in baptiem.

THE WANDERER'S APRICANS.-We got a glimpre yesterday at a portion of the Africans that were brought over here some time ago in the yacht Wanderer. They were a fine look-ing set of negroes, and will doubtless do some man a great deal of good service as field hands. Vicksburg Sun, 20th.

STILL THEY COME .- Another large cargo of Africans have been safely landed on the Georgia and Florida coast. Let as many come as may, we have room for them all.—Vicksburg

GOV. WISE AND THE SCRIPTURES.—GOV. Wise, in a recent letter to Hon. David Hub-"The Reuben have tried to sell

"Reuben," it so happens, was the only one of
the brethren who did not want to sell him.
The Governor should join a Bible class, right off .- Wheeling Times.

SOUTHERN BASE OF St. Louis .- We are in formed by the officers of this bank that a defalcation has been discovered in the cash account of its teller, Geo. O. Atherton. From the investigation of the board, it is believed the amount is fully covered by his official bond and other securities held by the bank .- Republican.

GLEANINGS FROM OUR EXCHANGES. PITTEBURG-The Dispatch of Tuesday says Pittasuag-The Dispatch of Tuesday says:

The weather, yesterday, was fully up to the April standard-clear and pleasant in the morning, rain in the afternoon, and clear again in the evening. The river is receding very slowly, with seventeen feet in the channel in the evening. On the wharf business was rather more active than on Saturday, having been almost suspended on that day by the unfavorable weather. With light offerings to all points rates continue very low, but still too wavering to quote. The Henry Graff came in from Missouri River, yesteruay, with a fair trip. The Commerce from St. Louis, and Potomac from Menaphis, also came in well filled. The Minerva came in from Wheoling, and departed again in the evening. The Sir Wim Wallace was preparing to leave for St. Louis, and would probably get away in the evening.

Louisville,—The Courier of yesterday says:

The river was still rising yesterday, and rising rather fuster in the evening than in the morning, with 12% feet of water on the Falls at dusk. During the previous 24 hours the rise was 14 inches, with mild, cloudy weather all day, clear at night, and a heavy shower in the morning.

By a special dispatch fram Evansville last evening, we learn that the river was rising fast at that point, the Watash at flood hight, and pouring out immense masses of drift and timber, and all the low lands under water, with feasy rains the whole night previous. Caseyville, Shawneetown, Raleigh, and other places were all inundated.

The Mississippi was reported slowly falling as far down as Vicksburg; but it is said by those who know that it will require a fail of at least four feet during the next two weeks to make it possible for planters in the overflowed sections to plant and mature their crops this season.
